

A1 ORGANICS

SCREENED TOPSOIL AMENDED TOPSOIL AMENDED PLUS

Screened Topsoil produced from native soil and screened to 1/2" minus.

* **Amended Topsoil** blended with 20-30% class I compost. Great all-purpose soil providing a uniform mixture when onsite blending/compost application is not practical. Excellent for pre-sod/seeding and similar applications.

* **Amended PLUS** blended with 50% class I compost. Same great benefits as our amended topsoil with a increased nutrient value and contains populations of beneficial soil microorganisms.

* **BENEFITS**

- Increases Water & Nutrient Retention
- Superior Plant Performance
- Enhanced Turf Response
- Reduces Run-off & Surface Erosion
- High in Organic Matter & Soil Microbes
- Improves Aeration, Porosity, & Drainage

APPLICATION

Use any time of the year on any type of soil. Well suited for use in clay soils where it can be applied at twice the normal rate.

BACKFILL

Great for backfilling when planting trees and shrubs.

LEVELING/SUBSOIL

Ideal for leveling yards, new growth seeding and as a subsoil base for new lawn turf installations.

PLANTING SOIL / GARDEN BASE

Starting base for planting in pots and raised gardens. Amended Plus best choice.

BEST USED WITH

trees & shrubs

grasses

flowers

gardens

Additional information and application instructions can be found at www.a1organics.com.
