

ORGANIC RECYCLING SOLUTION FOR A SUSTAINABLE COLORADO

A1 ORGANICS LIQUIDS MANAGEMENT / TRACTOR OPERATOR

Full Time position available at our Keenesburg facility.

Team Member Responsibilities:

This position (Liquids Processing) will require the safe operation of Farm Tractors including the use of liquid spreaders and disking operations as well as small wheel loaders, bobcats. Site cleanup and maintenance of site and equipment is included in both positions.

Work Schedule: Mon-Fri 7am -3:30pm (flexible start/stop) with some OT required.

Representative Responsibilities – All Positions:

- Performs pre-operation and post-operation inspection of the equipment, and ensures operator responsibilities for PM are covered daily.
- Includes safe operation of JD 8235R type tractor with liquid spreader and disk operations
- Monitors site materials for quality and contamination.
- Follows all safety policies and procedures.
- Continuously monitors the equipment to ensure proper operation and minimal down time.
- Performs and documents service as determined on equipment.
- Completes Equipment Condition Report and reports any necessary repairs to supervisor and/or Maintenance Shop. Completes other required forms.
- Ensures that equipment is properly cleaned, serviced and stored at the end of each shift.
- Completes daily production reporting
- Performs other job-related duties as assigned.
