

The Organic Recycling Solution for a Sustainable Colorado.

A1 ORGANICS

PRO LEVEL™

PROFESSIONAL LAWN LEVELER

APPLICATION:

Lawn Leveling & Spot Filling

- Fill low spots, smooth bumps, and improve overall lawn appearance
- Perfect for correcting minor settling and uneven areas

INGREDIENTS:

STA Certified COMAND™ Compost

Certified by the United States Composting Council Seal of Testing Assurance Program.

Premium Athletic Sand - Locally Produced

Locally screened and sourced in Colorado from GSS. Fine grade sand.

ProLevel™ is a professional-grade lawn leveling blend designed for homeowners who want a smoother, healthier lawn. This balanced **70/30 mix of premium Athletic Sand & A1 Organics COMAND® compost** levels uneven turf while improving soil health below the surface. The sand provides structure and drainage, while the finished compost delivers organic matter, beneficial microbes, and essential nutrients, helping grass roots grow deeper, stronger, and more resilient for long-term lawn performance.
